Dear Tracy:

I wanted to thank you for the excellent presentation of *The Oz Principle*SM Accountability Training Workshop at our recent quarterly meeting. The feedback from the group found the presentation dynamic and engaging.

Partners In Leadership did their homework on our organization. It was evident in the points that were made (which hit the bull's eye) and the examples that were provided.

The only opportunity that was identified was that the participants wanted more time allocated to the topic. That's a nice problem to have - what a great compliment to Partners In Leadership!

Again, thank you for Partner In Leadership's contribution to our quarterly meeting. We look forward to utilizing *The Oz Principle* Accountability Training again in Maryland.

Sincerely,

Irene Betourne-Chase
Sr. Director of Training
